IMPORTANT GOVERNMENT ORDERS

GENERAL SECRETARIAT

Directs the putting up of Wooden Gates and Red Light for Toll Gates.

CIRCULAR.

No. R. 2155-75—R. M. 5-34-9, DATED BANGALORE, THE 10TH NOVEMBER 1934.

Instances have come to the notice of Government of cases in which serious damage has been caused to motor cars by a chain having been kept stretched across the toll-gates without a red light at nights or a man on the look out to warn motorists of the obstruction. The question as to how best to remedy the existing state of affairs has been under consideration for sometime and it was also discussed at the meeting of officers held at Mysore on the 16th October 1934.

After a consideration of the various proposals put forward, Government have come to the conclusion that, in place of the chains that are now in use at the State and District Fund Toll Gates, suitable wooden gates painted in black and white should be put up and the toll-gate keepers strictly instructed to invariably arrange for a red light being put up on the gates during nights so that motorists passing through the gates may have a timely and adequate warning of the existence of the toll-gate.

Deputy Commissioners of Districts and Presidents of District Boards and Municipalities are requested to take immediate action for giving effect to the above decision by getting suitable wooden gates prepared and put up in consultation with the Public Works Department.
